office complex

High visibility between the roads

Pere IV and Fluvià

smart

the talking house

Smart holds **WELL Gold**, **LEED Platinum** and **AAA energy efficiency** certifications, reflecting the complex's strong commitment to sustainability and occupant wellbeing. It offers an **office density ratio of 1 workstation per 7 sqm**, a **700 sqm terrace on the 7th floor of Building 1A**, and **landscaped areas at the building entrances**. The complex also provides **additional amenities**, including **flexible multi-purpose spaces**, a **café area** and **on-site parking**. Furthermore, **Buildings 1A and 1B can be interconnected from levels P2 to P6**, creating **open-plan floorplates exceeding 2,044.16 sqm**.

smart flex

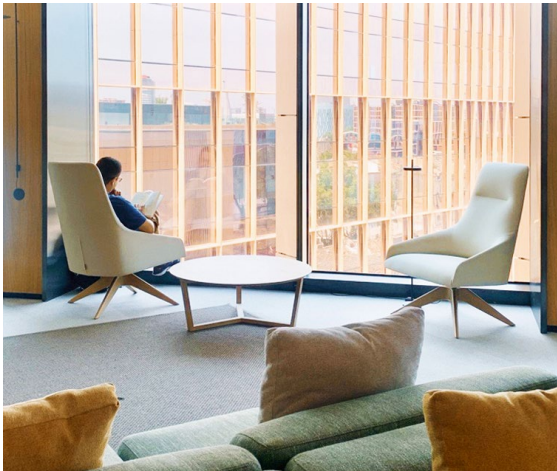

A space created on the **first floor of the Smart building, Spain's first smart building**. Designed for **professionals, entrepreneurs and teams** seeking **flexibility, inspiration and an active community**.

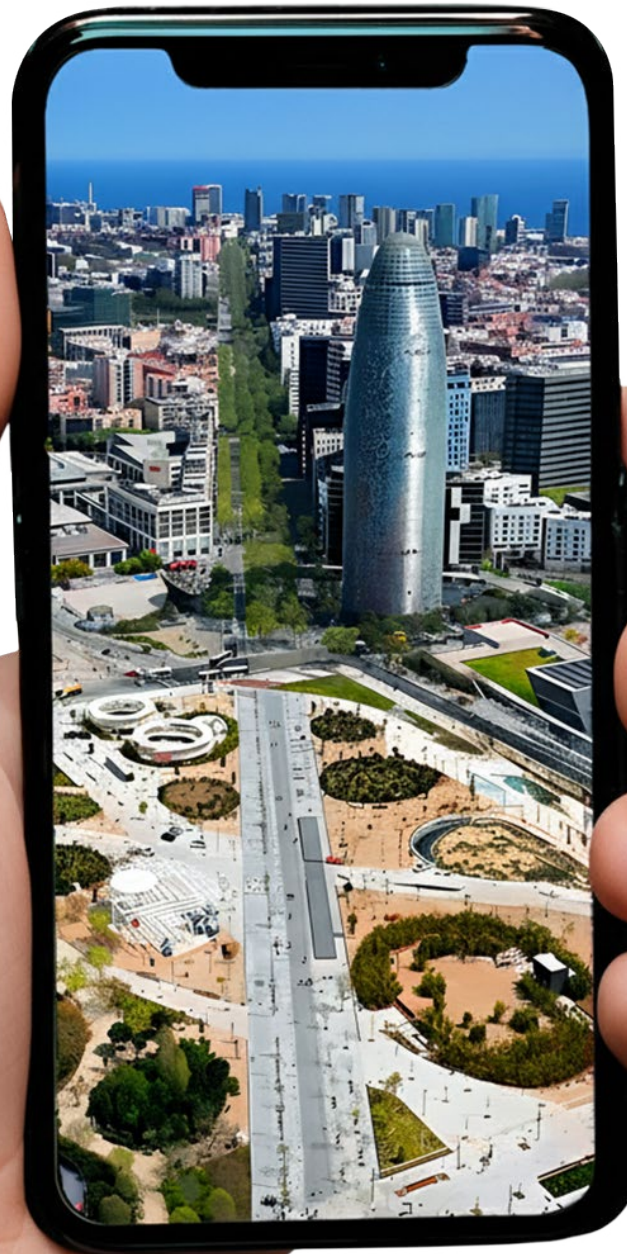

With a **modern, light-filled design**, it offers **versatile areas** that adapt to your needs, from **dedicated desks and hot desks to fully equipped meeting rooms**, alongside **excellent connectivity** and services such as **unlimited coffee, printing facilities, lockers and visitor reception**.

A place to **work, connect and grow**, surrounded by a **dynamic community** in a **prime location next to Diagonal**, with access to **all the amenities of the Smart building**.

22@ Innovation district

The **22@ project**, located in Barcelona's Poblenou neighbourhood, represents a major urban transformation, creating a district focused on knowledge, technology and development. The conversion of a former industrial area into an innovation-led business district has established a strategic environment for leading companies in the sector.

Close to **parks and beaches** and just **minutes from the city centre**, **22@** is where **technology meets art and culture**. The district is home to landmark institutions such as **La Escocesa**, a leading centre for artistic production.

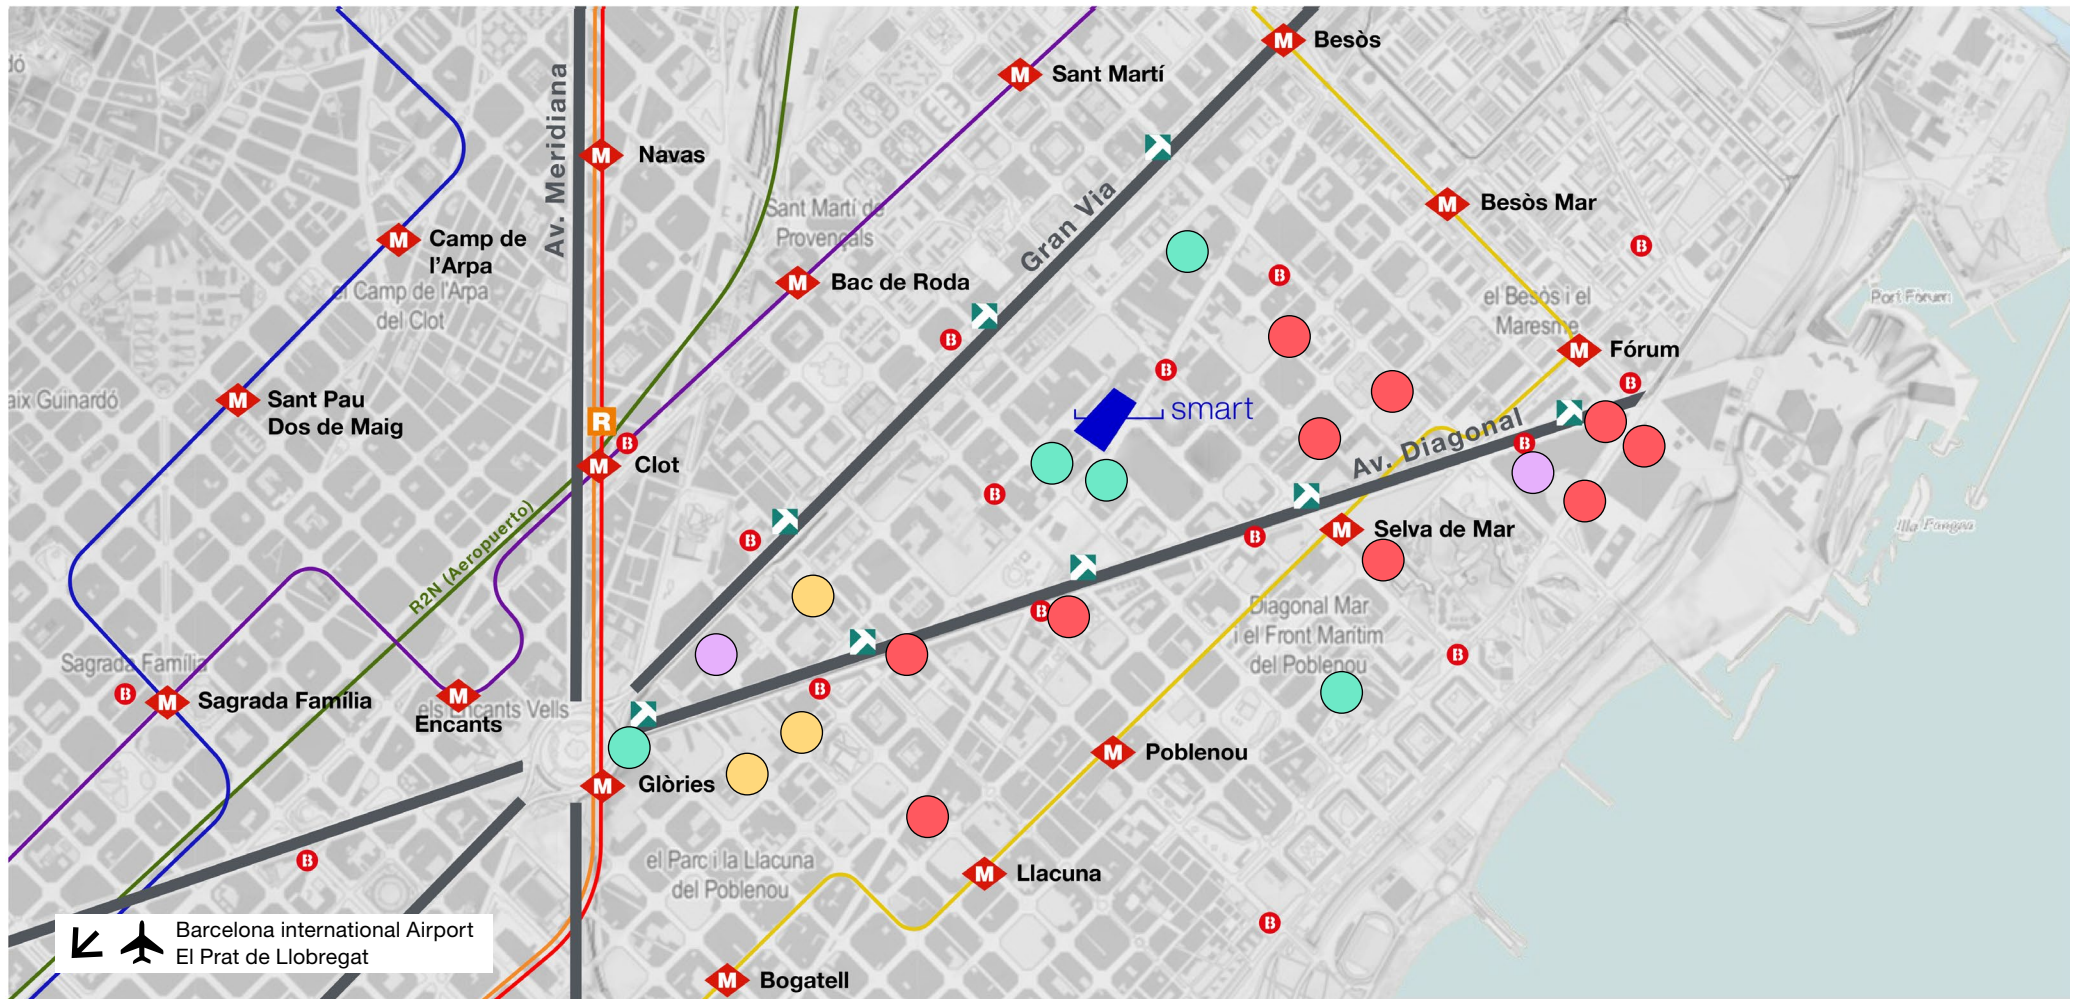

Thanks to this vibrant ecosystem and its excellent connections, the area enjoys a **wide commercial, gastronomic and hotel offering**, remaining **alive and active 24 hours a day**.

Welcome Area

A space framed with a front-facing corporate surface, ideal for taking a break, waiting, or holding an informal meeting.

Wellbeing Areas

Designed for relaxation or short pauses, these spaces provide a calm environment within the corporate setting.

Diverse Workspaces

Offering various work modalities, including flexible desks, hot desking, informal meeting areas, and more.

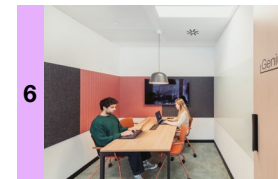

Complementary Spaces

Closed and open phone booths for small meetings or collaborative sessions.

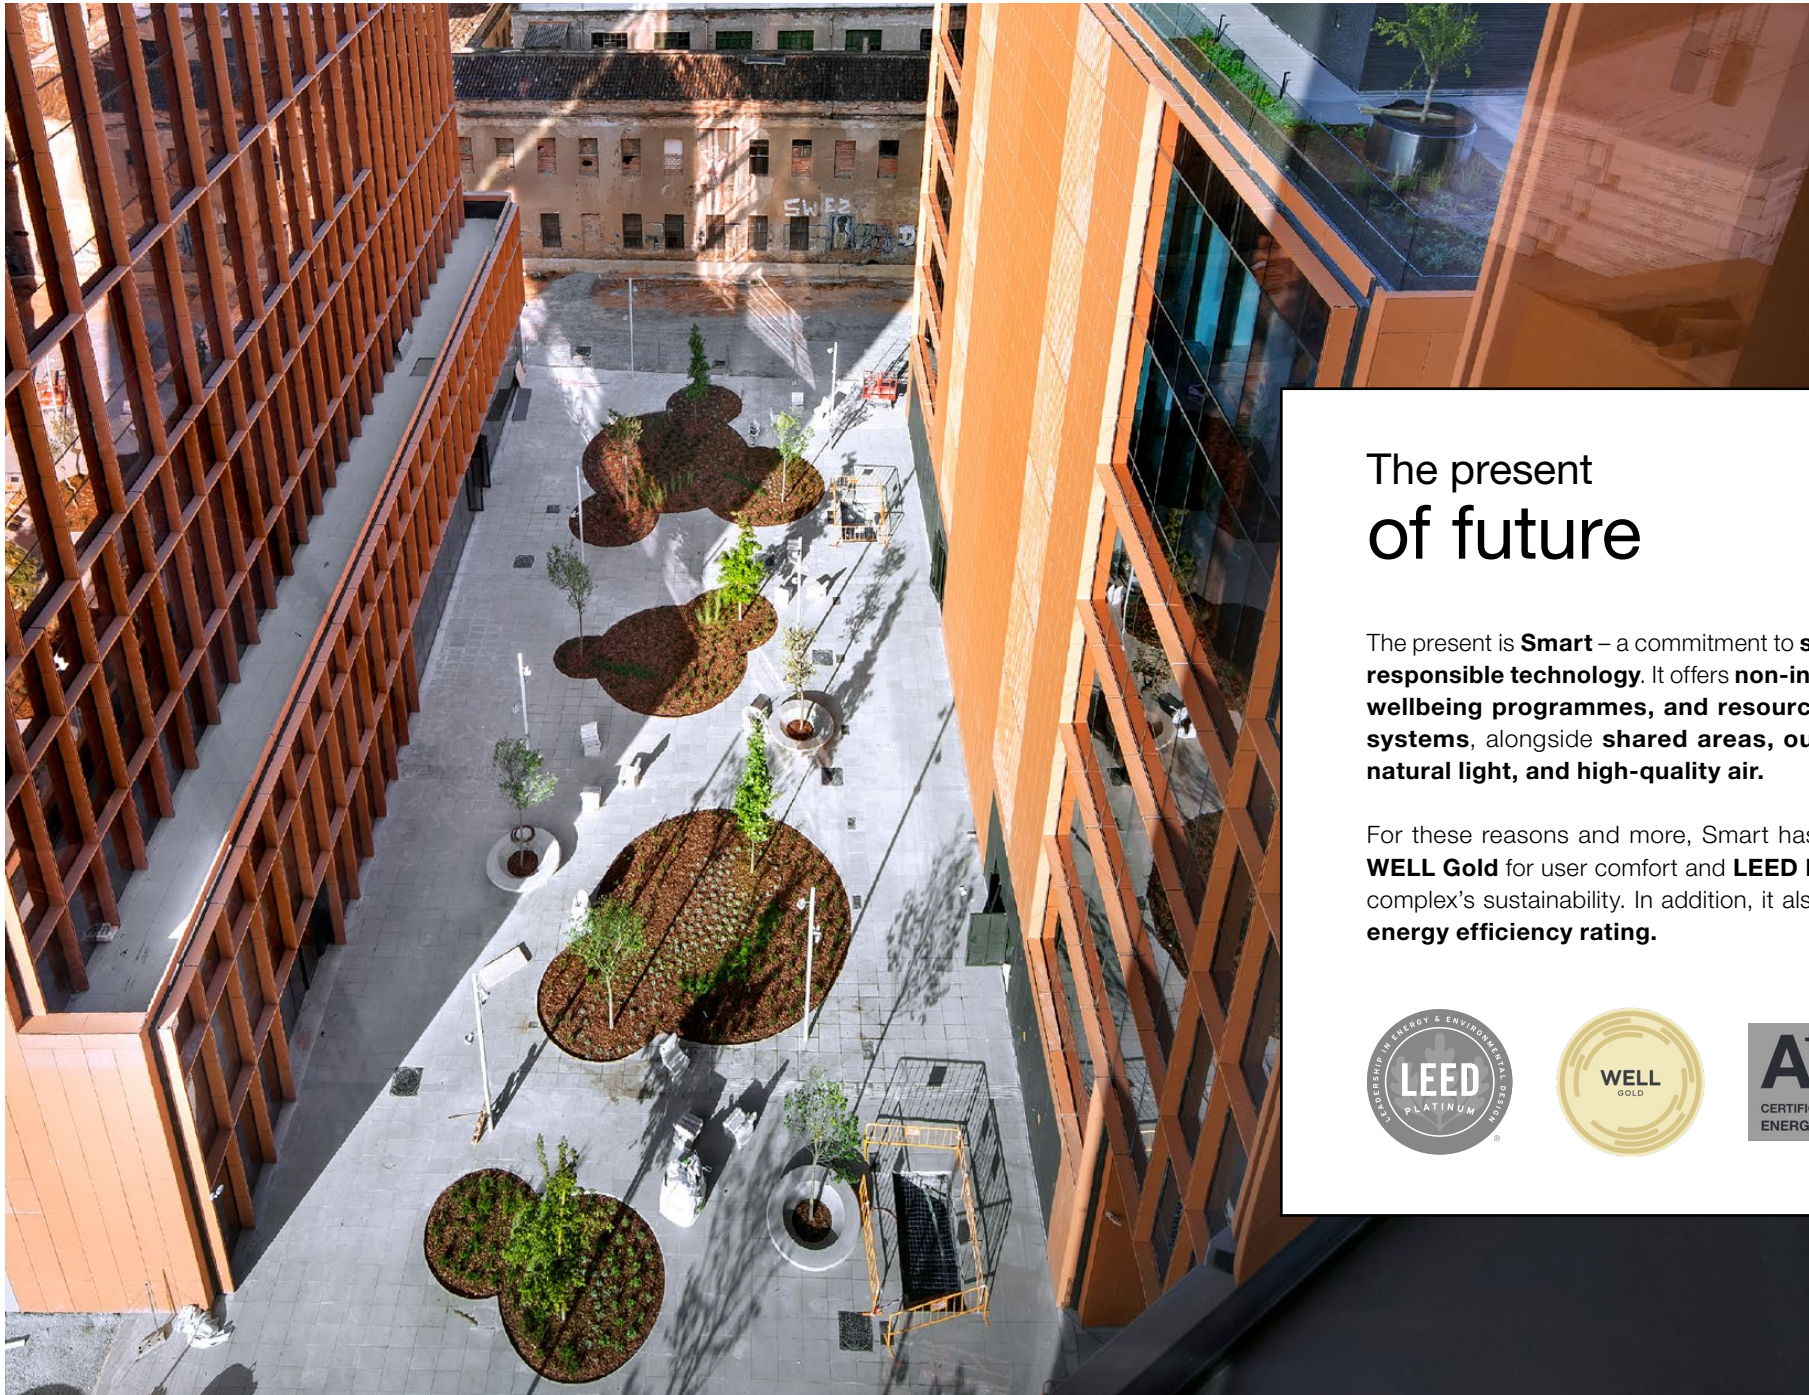

Open plan

Workstations located along the façade to maximise natural light, positioned perpendicular to the windows to avoid screen glare.

Private rooms

Rooms with different functions that complement the coworking offering.

The present of future

The present is **Smart** – a commitment to **sustainable and responsible technology**. It offers **non-intrusive spaces, wellbeing programmes, and resource optimisation systems**, alongside **shared areas, outdoor spaces, natural light, and high-quality air**.

For these reasons and more, Smart has been awarded **WELL Gold** for user comfort and **LEED Platinum** for the complex's sustainability. In addition, it also holds an **AAA energy efficiency rating**.
